

WEBBURN

You have all been working so hard at home and in school. On Wednesday afternoon, we made fake stained glass windows using tissue paper and card and I was so impressed by the creativity and the resilience you showed when it didn't quite go to plan. Your hard work really showed in the end and they all looked fantastic when held up to the light. Yesterday afternoon, we took part in a quiz and, again, even when you found it tricky you stuck with it and did an amazing job. I am so impressed by all of the wonderful work you all have been doing. Keep it up Webburn! **Miss Knott**

What a super few weeks we have had. I have been so lucky to be in your class. You have impressed me with your amazing learning behaviours, kindness, bravery and creativity, what a lovely class and what lucky teachers we are! This week you really challenged yourselves and took it in your step, every single one of you tried your absolute best to write a story and the finished stories are wonderful. I am so proud. I have had some of you tell me You love writing now, you like a challenge, writing makes you happy and you want to be an author when you grow up and that fills me with joy. Well done Webburn, you all deserve a trophy for your own individual reasons. See you soon! I can't wait. P.s. we have planted out the plants and poured all our wiggle worms on to help them grow. I wonder what they will look like in September? **Miss Thompson**

LOWER DART

Unicorns, rainbow cakes, Fiona and Inca's boggle challenge, goblins and The Quangle Wangle Quee have all been part of our learning in Lower Dart this week! We enjoyed listening to the Quangle Wangle nonsense poem in the classroom and came up with some fabulously imaginative pictures of what we thought a Quangle Wangle would look like. We then explored the characters which featured in the poem and found out what a beaver hat was - we didn't know! We were all wowed by some rather magnificent rainbow cakes which looked absolutely delicious and made us all feel rather hungry. We extended the deadline for our bubble drawing tutorial and children produced some beautiful images of bubbles which blew us away (pardon the pun!) Have a wonderful weekend and we look forward to welcoming some of our other year groups back into school next week and seeing the rest of you on eschools for our summer project.. **Mrs Rolls**

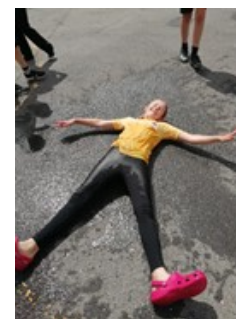

In Lower Dart, this week, we have been making wind chimes from natural materials, writing stories about where a mysterious path might lead us and making rockets in science. Thank you for a lovely 2 weeks Year 2's. I look forward to seeing you all again in September. **Mrs Reynolds**

UPPER DART

This week we say goodbye to our Year 6s and I will miss them all greatly, they have all worked tremendously hard throughout their time in Upper Dart. I have enjoyed teaching them immensely and I feel very proud to be their teacher. It has been a very different end to the year than we are used to but we have made the most of the last two weeks and have had a lot of fun. Good luck at secondary school Year 6s and I hope you come back to say hello sometime in the future. **Mrs Carr**

My contribution to the newsletter this week is dedicated to the Year 6's. I would like to say what a fabulous group of children you are and how it has been an absolute pleasure to teach every single one of you. I wish you all the very best in your new schools.

Also, thank you for the fun day we had on Monday, even though I did get rather wet!

Mrs Reynolds
