

## WEBBURN

The children who are back in Webburn have been fantastic in every way and have taken everything in their stride. We have had a happy bubbly week- using hoops to play bubble games, making spiral paintings, investigating the best quantities to make bubble mixture and making our own bubble machines. We have read every day, done super maths work and made our own bubble poems. The children have radiated happiness to be learning in each others company, and we couldn't be more proud of them. **Mrs Dawson**

It has been lovely to see you all back after the half term and some of you I have now met, which is fantastic! This week we have been looking at the poem 'make a face', putting actions to it and talking about the emotions we feel and why we pull faces. We have also started looking at where we belong and the different groups we belong to. We have drawn pictures of ourselves and these groups and in school we made a paper chain with all the names of the people in our little community, don't worry we didn't miss anyone. Keep up the amazing work and I look forward to seeing your smiling faces next week! **Miss Knott**

I have loved being able to spend time in your class. We have had a bubbletastic week making: a bubble machine out of just a sock and a bottle; silly faces and our name tags out of flowers. It has been such a pleasure to see your smiling faces and hear your laughter, I am so looking forward to the rest of term. **Miss Thompson**

## LOWER DART

It has been a week of change in Lower Dart as we are all learning how to use eSchools. Lower Dart classroom has been very quiet without you but it has been lovely to see the learning which has started to come through on eSchools. Jack F decided to create his Faraway Tree on Minecraft which was incredible and had so much detail. I have loved reading some magical adventure stories about imaginary lands and I have enjoyed looking at your Magic Faraway Tree pictures. As promised, I have pulled a name out of the hat for our new baby goat. We had some brilliant suggestions and any would have been perfect but the name which came out was 'Cinnamon' - congratulations Alegria! It matches the brown on his coat beautifully and I will tell him his new name when I get home and see if he likes it. Have a lovely weekend and I look forward to seeing you all on eSchools next week.

Superstar learner this week is Kitty for some excellent work on the Ickabog! **Mrs Rolls**

This week in Lower Dart we have been using wild flowers to write our names and learning about our teeth and the life cycles of baby animals **Mrs Reynolds**

## UPPER DART

Upper Dart have had their perseverance and resilience well and truly tested this week with

the maths Escape Room activity, well done to all those who cracked the code and those who didn't quite manage it but had a good go. We have started looking at The Ickabog in English and describing and drawing the characters. I have seen some great drawings for the illustration competition and good luck to all submitting their entries, the ones I have seen so far are really fantastic. In school we have been having a week long hockey tournament, I can't say who is the winner yet as we still have a few games to play, All our eyes are on Mrs Scott as she has been the dark horse this week. A big well done to our learners of the week Jonah, Herbie and Matilda you have put in a lot of effort into your work this week and have done really well. **Mrs Carr**

This week in Upper Dart we have been looking at what makes a good computer game and how search engines and the internet work. In science, we have been learning about life cycles and how animals and living things can be grouped together. **Mrs Reynolds**
